Peter V. Lee
Executive Director, National Health Policy,
Pacific Business Group on Health

Peter V. Lee, JD, the Executive Director for National Health Policy of the Pacific Business Group on Health (PBGH), oversees the efforts of PBGH to shape national and state policies to reinforce purchasers' efforts to improve the affordability and accessibility of high quality health care.

Mr. Lee represents the perspective of purchasers seeking to promote high value in health care by working on California and national policy and quality reform efforts. Mr. Lee is a member of the boards of the National Committee on Quality Assurance (NCQA), the National Quality Forum (NQF), the National Priorities Partnership, and is the co-chair of the Consumer-Purchaser Disclosure Project, a national effort to promote better transparency of health care providers' performance. He is on the Steering Committee of Stand for Quality, a diverse cross-section of health care organizations seeking to assure that health reform efforts support the performance measurement, reporting and improvement enterprise. Mr. Lee has served on numerous national and statewide bodies, such as the Institute of Medicine's Crossing the Quality Chasm Summit Committee and the State of California's Managed Health Care Improvement Task Force. Mr. Lee has provided Congressional testimony on health care quality and payment reform issues and is a frequent commentator on national health care reform. He has authored a number of studies on health care issues, including reports on health care quality information and patient advocacy programs.

Mr. Lee served as the Chief Executive Officer of PBGH from 2000 to 2008. Before joining PBGH, Mr. Lee was the Executive Director of the Center for Health Care Rights. There he oversaw the Center's direct service, research and advocacy efforts seeking to ensure that consumers are represented at every level of the health care system. Previously, Mr. Lee was an attorney with the Los Angeles firm of Tuttle & Taylor. In the 1980s, he worked on health care issues in Washington, DC, where he was the Director of Programs for the National AIDS Network. He received his law degree from the University of Southern California and his undergraduate degree from the University of California at Berkeley.
